OBJECTIVE

Motivated engineering student specializing in software and web development with strong problem-solving skills. Committed to continuous learning and delivering impactful, high-quality solutions.

EDUCATION

Canara Engineering College <i>Bachelor of Engineering in Information Science; CGPA: 8.98</i>	Mangalore, India <i>Present – 2026</i>
RN Shetty PU College <i>Pre-University; Percentage: 92.16%</i>	Kundapura, Karnataka <i>2020 – 2022</i>
VKR Acharya English Medium School <i>SSLC; Percentage: 91.2%</i>	Kundapura, Karnataka <i>2019 – 2020</i>

SKILLS

Programming Languages: Java, C, SQL
Web Development: HTML, CSS, JavaScript
Developer Tools: GitHub, VS Code

PROJECTS

AI-Based Women and Child Health Monitoring Application During Pregnancy Stages 2024

- The project aims to develop a web-based application powered by Artificial Intelligence (AI) to monitor and enhance the health of pregnant women.
- Integrated AI-driven features including a personalized exercise recommender, nutritional plan generator, and weight tracking.
- Implemented an appointment scheduling system for easy access to healthcare providers.
- Built and deployed an AI-powered chatbot for real-time health conversations and guidance.

Machine Learning Based Predictive Modeling for PCOS Diagnosis 2025

- Developed a simple and user-friendly system to help predict Polycystic Ovary Syndrome (PCOS) using basic clinical and lifestyle inputs.
- The model analyzes details like BMI, cycle length, sleep hours, stress levels, and symptoms to estimate PCOS risk.
- Designed a clean and responsive web interface where users can enter their information and instantly view prediction results.
- Ensured that user data is processed safely and predictions are generated instantly.

CERTIFICATIONS

- **Programming in C (Infosys Springboard):** Certified in C programming with practical application knowledge.
- **SQL (Basic) – HackerRank:** Certified in SQL basics, demonstrating proficiency in database queries, filtering, sorting, and data manipulation.
- **Complete Java Core for Beginners with Exercises (Udemy, 2025):** Completed a comprehensive certification covering Java fundamentals, OOP concepts, and practical coding exercises to build strong problem-solving skills.
